PROFESSIONAL SUMMARY

Final-year B.Sc. (Hons.) Data Science & AI student at **IIT Guwahati** with **3 years of hands-on enterprise IT experience** delivering automation and device/user management solutions for a global client at HCLTech. Skilled in building and deploying **AI/ML systems** (deep learning, multimodal fusion, model evaluation) and in automating enterprise operations using **Microsoft Intune, ServiceNow, and PowerShell**. Microsoft Azure certified (**AI-102, AI-900, MD-102**). Looking to apply this combined AI and enterprise-automation background to industrial AI, robotics, and digital transformation projects.

EDUCATION

Degree/Certificate	Institute/Board	CGPA/%	Year
B.Sc. (Hons) in Data Science & AI	Indian Institute of Technology, Guwahati	8.3+	2023 – Present
Senior Secondary (XII)	CBSE Board	87.2%	2021
Secondary (X)	CBSE Board	86.5%	2019

PROFESSIONAL EXPERIENCE

- HCL Technologies (HCLTech) — Supporting a Global Client** Oct 2023 – Present
Automation Engineer – MECM / Intune & ServiceNow Lucknow, India
 - Delivered enterprise IT support to a global client since Oct 2023, managing end-to-end device and user lifecycle across a large, distributed environment.
 - Managed devices and users using **Microsoft Intune** and **ServiceNow**, and automated recurring device-management and user-management workflows to reduce manual effort and turnaround time.
 - Administered Microsoft Endpoint Configuration Manager (MECM/SCCM) and Intune for enterprise application deployment, patching, compliance, and configuration management.
 - Built **PowerShell scripts and automation routines** to streamline IT operations, ticket handling, and repetitive administrative tasks — directly applicable to automation and digital transformation.
 - Collaborated with cross-functional and global teams to troubleshoot incidents, maintain SLAs, and continuously improve deployment and automation processes.

AI / ML PROJECTS

- BGV Agentic AI System — Background Verification Automation**
Client Project | HCL Technologies | Stack: ServiceNow, Microsoft 365, OpenAI GPT-4o mini, Power Automate
 - Contributed as part of a team building an agentic AI system to automate the BGV (Background Verification) process for new-employee onboarding — integrating **ServiceNow** case management with **GPT-4o mini** for automated risk scoring and email drafting.
 - Cut BGV processing time by **60%** and accelerated HR onboarding by automating multi-step verification workflows end-to-end.
- PneumoFusionNet — Multimodal Deep Learning for Pneumonia Detection** 2026 – Present
Term Project | IIT Guwahati | Supervisor: Prof. Ritika Jain GitHub
 - Built a multimodal deep learning pipeline fusing chest X-ray images (**ResNet50 + DSC/GCSA**, 1024-d) with clinical text (**Bio_ClinicalBERT**, 768-d) on the MIMIC-CXR dataset.
 - Designed a leak-proof evaluation pipeline (patient-level GroupShuffleSplit, IMPRESSION-section stripping), achieving an honest **AUC of 0.835**, with multimodal fusion giving a **+3.7% leakage-free AUC gain** over single-modality baselines.
- Plant Disease Classification System** 2024
Independent Project GitHub
 - Deployed an image classification system (TensorFlow/Keras, FastAPI, React.js) for real-time plant disease detection with end-to-end inference pipeline.

TECHNICAL SKILLS

- AI/ML & Data:** Python, TensorFlow/Keras, PyTorch, Deep Learning (CNN, ResNet, DenseNet), NLP (Transformers, Bio_ClinicalBERT), Computer Vision (OpenCV), Data Analytics, Model Evaluation
- Automation & Enterprise IT:** Microsoft Intune, MECM/SCCM, ServiceNow, PowerShell Automation, Endpoint & Device Management, Windows Autopilot, Active Directory, ITIL
- Cloud & Platforms:** Microsoft Azure, Azure AI Services, FastAPI, React.js, Git/GitHub, VS Code

CERTIFICATIONS

- **Azure AI Engineer Associate (AI-102)**, Microsoft *2026*
- **Azure AI Fundamentals (AI-900)**, Microsoft *2025*
- **Endpoint Administrator Associate (MD-102)**, Microsoft *2024*

POSITIONS OF RESPONSIBILITY

- **Coordinator**, Finance and Investment Club, IIT Guwahati *2026*
-
